IN PHYSIOLOGIC STRESS

WHEN B COMPLEX OR VITAMIN C DEFICIENCIES EXIST

THERA-COMBEX® KAPSEALS®

AID RECOVERY IN THE POSTOPERATIVE PERIOD AND IN CONVALESCENCE

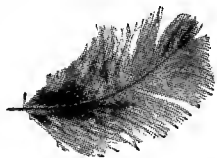

Each Kapseal contains: Vitamin B₁ (thiamine) mononitrate—25 mg.; Vitamin B₂ (riboflavin)—15 mg.; Nicotinamide—100 mg.; Folic acid—0.1 mg.; Vitamin B₆ (pyridoxine hydrochloride)—1 mg.; Vitamin B₁₂ (crystalline)—5 mcg.; *dl*-Panthenol—20 mg.; Vitamin C (ascorbic acid)—150 mg.; Taka-Diastase® (*Aspergillus oryzae* enzymes)—2½ gr. Bottles of 100 and 1,000, also available: COMBEX® KAPSEALS, bottles of 100, 500, and 1,000, for prevention of B complex deficiencies. COMBEX with VITAMIN C KAPSEALS, bottles of 100, 500, and 1,000, for prevention of B complex and vitamin C deficiencies. COMBEX PARENTERAL, 10-cc. Steri-Vials®, for prevention and treatment of vitamin B complex deficiencies. TAKA-COMBEX® KAPSEALS, bottles of 100 and 1,000, for use as a digestive agent and for prevention of certain vitamin B complex and vitamin C deficiencies.

TAKA-COMBEX ELIXIR,
bottles of 16 fl. oz.

PARKE-DAVIS

PARKE, DAVIS & COMPANY, Detroit 25, Michigan

It takes so little to trigger an asthmatic attack...

it takes so little **MORE** to control it...
the simple addition of **ATARAX** to your classic anti-
asthmatic therapy increases therapeutic success even in
difficult patients

Each MARAX tablet contains: ATARAX® (hydroxyzine HCl) 10 mg.—an antihistaminic tranquilizer beneficial in bronchial asthma and allergy.¹ Ephedrine sulfate 25 mg.—to reduce congestion. Theophylline 130 mg.—for bronchospasmolysis.

"Superiority of [MARAX] seems attributable to the inclusion in it of hydroxyzine in place of the conventional barbiturates."² In a series of patients generally refractory to the usual antiasthmatics, and who required steroids in order to obtain temporary relief, 70% showed good to excellent symptomatic relief with MARAX. Patients "...slept more comfortably and breathed more easily. The characteristic asthma wheeze was either markedly reduced or entirely relieved."³

If your asthma patients do not respond to standard therapy, they may need the "little MORE" that MARAX offers.

MARAX®

Usual adult dosage: One tablet 2 to 4 times daily. Full prescription information on request. Supplied: Bottles of 100 light blue, scored tablets. Prescription only.

tailored to fill the critical calcium need during pregnancy and lactation

A good mixed diet will ordinarily supply enough protein and most other essentials for late pregnancy and lactation. The critical deficiency most likely to occur is **calcium**.

INOBEX-CAL tablets supply phosphorus-free **CALCIUM**—0.6 Gm. daily, at the suggested dosage rate. In addition, the full allowance of 15 mg. of Iron is provided, as recommended by the National Research Council.

- **ABUNDANT CALCIUM** (phosphorus-free)
—to protect against leg cramps
- **ADEQUATE IRON**
—to meet the increased needs of gravida and fetus

inobex-cal

the Tilden Company
NEW LEBANON, N. Y.

THE OLDEST PHARMACEUTICAL MANUFACTURING HOUSE IN AMERICA
FOUNDED IN 1824

A DIVISION OF **textron** PHARMACEUTICALS, INC.

inobex-cal considers your patient's needs—and purse.

ESSENTIAL VITAMINS including pyridoxine—INOBEX-CAL tablets do not burden your patients with extra expense for a long list of vitamins and minerals usually present in the diet. Additionally, they provide the advantage of adequate pyridoxine to help reduce tooth decay. **ECONOMICAL**—on the basis of calcium provision, INOBEX-CAL represents a 12 to 40 percent saving in cost to your patient.

Each INOBEX-CAL tablet supplies:

Calcium—elemental (from Calcium Sulfate)	200.0 mg.
Iron—elemental (from Ferrous Sulfate)	5.0 mg.
Vitamin B ₁	0.3 mg.
Vitamin B ₂	0.3 mg.
Vitamin B ₆	2.0 mg.
Niacinamide	5.0 mg.
Vitamin C	25.0 mg.
Vitamin D	133 USP Units

DOSAGE: One tablet t.i.d. Adjust upward if the patient's diet is deemed especially deficient in calcium.

SUPPLIED: As sugar-coated, capsule-shaped tablets, in bottles of 100 and 1000.

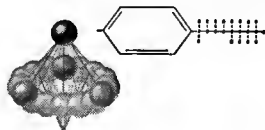

Write for samples and literature.

CAMP LUMBOSACRAL SUPPORTS

No matter the type of build, proportionate irregularities or complications of obesity, pendulous abdomen or other conditions, our large and comprehensive stock of CAMP LUMBOSACRAL SUPPORTS—for men and women—insures prompt service and precise execution of your instructions. Our professionally trained fitters may be relied upon for the kind of individual and understanding service you seek for your patients.

From the Camp Reference Book for Physicians and Surgeons—
“Camp lumbosacral supports, used in conjunction with other conservative measures in conditions of low back pain, have been found to give relief in many instances. They are useful, also, after operative procedures upon the low back.”

For Prevention and Reversal of

CARDIAC ARREST

The Birtcher Mobile Cardiac Monitoring and Resuscitation Center*

Cardiac Arrest is an ever present danger during anesthesia

Cardiac arrest can occur during any anesthesia, often to patients with no prior record of cardiac disease. Continuous monitoring of every patient can prevent most cardiac arrests by providing advance warning. For cases where the accident cannot be prevented, instruments to reverse the arrest and restore circulation should always be instantly available.

* Comprised of the Birtcher Cardioscope, EEG Pre-Amplifier, Dual Trace Electronic Switch, Electrocardiograph, Defibrillator and Heartpacer with all necessary attachments on a Mobile Stand as shown.

Our President Speaks

There are two coming events on our agenda that we would like to bring to your attention.

Marjorie Shearon, Ph.D.

On our September 26th Meeting, we will have the privilege of having Marjorie Shearon, Ph.D., as our guest speaker through the efforts of Dr. J. J. McDonough and our executive secretary, Mr. Howard Rempes.

She is truly a friend of the medical profession. She is doing more for the private practice of medicine, and against all growing socialistic trends than any individual in our country. Hearing her is a "must." We strongly recommend that you make arrangements ahead for September 26.

The Auxiliary, we understand, are very enthusiastic and have accepted our invitation to attend not only the meeting but the dinner also.

Sixth Councilor District Post Graduate Day

For the annual postgraduate day the Stark County Medical Society will be host in Canton, Wednesday, October 25th. They have an excellent group of speakers from various parts of the United States, and their topics will be of interest to all of us.

At our postgraduate meeting last year, the response from other counties in our Sixth Councilor District was excellent. We owe them the same courtesy.

The Stark County Medical Auxiliary has planned an interesting day, including luncheon. An unusual guest speaker is part of their program.

I'm sure that we will not disappoint them. We certainly will justify all the hard work they are putting into their Postgraduate day to make it a success.

—A. K. Phillips, M.D.
President

EDITORIAL

HELP YOUR SOCIETY

Hardly a single meeting of the Executive Council of the Mahoning County Medical Society transpires without a reference to the shrinking attendance of the general membership at the regular monthly meetings. This lackadaisical attitude toward the doings of the medical society is not peculiar to the Mahoning County organization. It is much the same the country over. Council members are constantly asking what can we do to get a better attendance at the regular monthly meetings! Program chairmen come and go. They mostly work hard to line up activities that will interest the membership, but the end results remain about the same—very poor.

Free dinners bring a somewhat better attendance, but obviously the Society cannot afford to underwrite regularly free meals for even a fraction of the total membership. Specialized medical topics that only appeal to a minority of the doctors have been eliminated, and the program chairman has concentrated on getting speakers and activities that will appeal to all. This endeavor will go on and it is the everlasting hope of the Society's Council and the Program Committee that we can improve the monthly attendance.

Yet, all efforts in this regard will fail unless the Society in general develops a **sense of obligation** to attend these meetings. They are separately important gatherings at the present time. Every doctor knows we are going through a crisis in the practice of medicine, and your President and officers need the help of every member of the Society.

The talent for progress and ultimate victory over Socialism is widespread within the medical profession. Witness the work and results of Edward Annis!! But success cannot come unless every member of our organization puts his shoulder to the wheel. The power of the individual doctor alone and the Society as a whole is tremendous when the doctor speaks out and participates.

In the past year I have had the assignment to procure and prepare the radio programs for the Society's program DIAGNOSIS. During this period

over 100 different doctors have participated on this program. We have discussed a great variety of subjects from pure medicine to pure socio-economics. Almost without exception the doctors have given an outstanding and creditable performance. Reports to the radio station have born this out. When asked how he felt the doctors were doing, Mitchell Stanley, the program director for WFMJ, replied, "Just wonderful. Perhaps too reserved at times but they are easy to work with, very intelligent, knowledgeable, and articulate." But how to harness this tremendous pool of talent to help medicine in general and the Medical Society in particular through these trying times remains unsolved. Any **constructive views** that will help bring our membership in force to our meetings will be welcomed and published by your editor.

For goodness sake, please come with your wife to the next general meeting of the Society on September 26th and hear "Marjorie Shearon." She is straight from "Capitol Hill." Her topic may well be medicine Quo Vadis. She is one of medicine's very best friends and a good turn out will be a tribute to her.

BIG SEPTEMBER MEETING—WIVES INVITED

The September meeting of the Mahoning County Medical Society, to which the wives are invited, will be for the purpose of presenting citations to WFMJ and WKBN for the society's two radio programs, and to the Vindicator for news coverage.

Speaker will be Marjorie Shearon, Ph.D., of the Shearon Legislative Service, editor of "Challenge to Socialism." Mrs. Shearon is well known to the Mahoning County Medical Society. She was the subject of a resolution at the Ohio State Medical Association last spring. Dr. McDonough wrote about her in his editorial in the June issue of the Bulletin, and the paper, "Challenge to Socialism," has been circulated to all doctors of the society.

As an opponent of State Socialism and Communism, she has testified for her cause before congressional committees and published numerous pamphlets against the nationalization of medicine.

Prior to her service as a Senate consultant, she spent nearly a decade in the executive branch of the government—five years with the Social Security administration and four and a half years with the U.S. Public Health Service.

Special guests of the medical society will be members of the Woman's Auxiliary. Dinner for members of the society will be \$5.00. Dinners for wives will be complimentary.

There has been a change in the date of the meeting as originally published. It will be held on Tuesday, September 26, at the Mural Room. Dinner will be at 6:30 p.m., with an opportunity for a social gathering at 6:00 p.m.

Reservations may be made by sending a check to the Mahoning County Medical Society, 245 Bel-Park Bldg., 1005 Belmont Ave., Youngstown 4, Ohio.

Every member of the society is urged to come to the meeting, and to bring his wife, to hear this outstanding speaker.

R for Sound Investment

Rising prices and a high volume of transactions on the principal stock exchanges in the past year have led many physicians in the Youngstown area to open brokerage accounts.

Many have selected Singer, Deane & Scribner because of the personal attention we give all of our accounts, regardless of holdings or contemplated purchases.

We specialize in the care of investment problems and the diagnosis of financial portfolios, prescribing whatever is required to meet individual needs.

You are under no obligation in seeking our investment advice. If you would like our free booklet "What Every Investor Should Know" or if you would like us to make a free analysis of your holdings, fill out the coupon below or call RIverside 7-4481. We are always pleased to make new friends.

A LETTER TO THE EDITOR FROM ESTHER HAMILTON

Dear John:

You have asked me to do a piece on how the physicians can get along with newspaper folks, etc. My first idea would be for them to be "available." They are busy men working against time—so are newspaper people, with the clock ticking away and deadlines to be met so we can rush somewhere else.

Don't quibble about little things. We want to know the cause of death. If you are waiting for a post mortem, say so, but give us enough to make the edition. The exact medical findings are fine for medics but all I want is "pneumonia," "abdominal surgery" or some such explanation.

For goodness sake don't be cute. "Find out for yourself" and hang up. That's happened to me. Well, I found out, to meet the challenge and the answer was that the doctor, who might have hokumed me into saying "heart attack," saw a page one suicide. When the family called I told them exactly what had happened. The doctor forced me into finding out. We can always find out. Be sure of that.

Be helpful to reporters. If you have a prominent individual at the point of death, tell any good friend you have at the paper. The obituary can be written without consulting the family. If death comes at edition time we will be prepared.

Newspaper reporters, especially this woman reporter, are jealous people. We regard our posts on The Vindicator as the true avenue of news and the physician who scoops us by giving the information to TV or radio because he is mad about some article we have used, will eventually learn that is not the way public relations work.

We should be told of unusual operations, skillful surgery, honors that come to our physicians. That isn't advertising. That is simply good business for you, the hospital involved and the community as a whole. It gives us confidence that our doctors are the best, that they can hold their own anywhere.

When a colleague's name appears in a story don't harass him about it. In most cases that's jealousy, not professional ethics. I take a very dim view of that. The New York Times prints the names of attending physicians whenever and wherever it is news. If they think it's correct it won't hurt our boys. Publicity is what you call it. Advertising is something else. There is a thin line and we know when to step over.

Sometimes I am shocked at the pitiful faith your patients have in you. "My doctor," they say to me as though you were representatives of the Almighty. Even when I know their trust is not justified I hesitate to shatter it—so many have so little.

The ugly fact of money comes. Should you charge everyone the same? Should you find out how much insurance they have and make the insurance cover the bill? I can only say a doctor's conscience must be his guide. Where he doesn't have a conscience the Medical Society should force the issue. Some outrageous stories come to me. The Vindicator feels this is a policing job for you for the benefit of your profession.

The policing, I might say, extends to more than fees and medical treatment. When a fellow medic sticks his neck out tell him about it. If you see anything that will hurt your profession speak up about it—to the culprit. If you don't sooner or later you'll read it in the paper. Some years ago we had a physician who held a public office and would appear in his official

capacity too intoxicated to work. Officers of the Medical Society declared they could do nothing about it. It was discussed over and over again, how negligent the doctors were. Of course something could have been done—but nothing was done. Doctors are supposed to be something special.

I could go on and mention the physician's dumb wife who told the fund solicitor. My husband gives plenty to charity through free care. I'm not giving a cent! So that story was all over town, hurting every doctor. She could just as easily have said, "my husband handles all contributions." Apparently he resented whatever free work he did and he and his wife had talked it over.

Then another dumb wife said to the store clerk, "don't you have anything better than this?" She was already being shown the best in a good store. See what I mean.

The Vindicator does not expect you to disclose family secrets which should remain a secret between patient and his doctor. We do expect the news, cooperation. We'll try to be fair. You do the same.

Esther H.

SOCIETY PLANS POLIO MASS IMMUNIZATION

The Polio Committee of the Mahoning County Medical Society, under the chairmanship of Dr. Kurt Wegner, is planning a program to provide community-wide oral polio vaccine immunization when the Sabin vaccine becomes available.

In this action, the medical society anticipated action taken by the House of Delegates of the A.M.A. and a report from the A.M.A. Council on Drugs on the status of polio immunization. The report emphasized that "physicians should encourage, support and extend the use of Salk vaccine in the widest possible scale at least until the oral polio virus vaccines currently under development in clinical trial become available." After the oral vaccines become available, however, the House of Delegates recommended that all physicians take the leadership in intensive mass vaccination programs.

The local program will be discussed at the October 17 meeting of the medical society. Serving on Dr. Wegner's committee are: Drs. G. E. DeCicco, G. Delfs, H. P. McGregor, F. A. Resch and S. Squicquero.

THANKS TO LYONS PHYSICIAN SUPPLY

Many thanks to the Lyons Physician Supply Co. for hauling Canfield Fair equipment to the medical health tent for the Mahoning County Medical Society. This is an annual service that Lyons provides for the medical society.

DOCTORS SUPPLY FIRST AID AT CANFIELD FAIR

The medical society wishes to express thanks to the following physicians who worked at the first aid station at the Canfield Fair: Dr. James S. Bates, Dr. Robert Ciekurs, Dr. William J. Cleary, Jr., Dr. Vitalij Holonko, and Dr. Nicholas J. Garritano.

The first aid station is manned by the Mahoning Chapter of the American Red Cross.

A.M.A. DUES UP

A.M.A. dues will be increased from \$25 to \$35 in 1962. Payment of A.M.A. dues will continue to be made through the Mahoning County Medical Society. A second A.M.A. increase of \$10 is scheduled for 1963.

For the irritable G.I. tract

Milpath acts quickly to suppress hypermotility,
hypersecretion, pain and spasm, and to allay
anxiety and tension with minimal side effects.

AVAILABLE IN TWO POTENCIES

WALLACE LABORATORIES Cranbury, N. J.

DR. WILLIAM H. BUNN, SR. — 1889 - 1961

The passing of a fine physician saddened the medical profession and the community when Dr. William H. Bunn, Sr., died on August 15th.

To this great doctor came many honors, not the least of which was that of having his son, Dr. William H. Bunn, Jr., follow in his foot-steps. To give a listing of the honors accorded Dr. Bunn is to give the story of his life. He was one of the fifteen physicians who founded the American Heart Association. Later he served as a director and vice president of this national organization. He was a founder and president of the Youngstown Area Heart Association.

He was a past president of the Mahoning County Medical Society, a member of the Cleveland Academy of Medicine, a Fellow of the American College of Physicians, and Diplomat of the American Board of Internal Medicine.

He was on the Board of Trustees of Youngstown University and of the Y.M.C.A. He was a biology instructor at Youngstown University, an instructor in cardiology of the Youngstown Hospital Association Training School for Nurses, and had been chief of the cardiac clinic of the Youngstown Hospital Association.

He received the National Heart Group Award for pioneer, distinguished service, and the Distinguished Service Medallion from the Youngstown Heart Association. He was one of five Ohio health leaders chosen to select the National Heart Foundation's health scholarships. He won the Choffin Foundation Award for distinguished service.

He served as a consultant in cardiology for the Veterans' Administration in Michigan, Ohio and Kentucky. In 1949, he served on the steering committee of the National Conference on Cardiovascular Diseases.

During World War I, he served as a captain in the Medical Corps with Base Hospital 31 and was awarded the French decoration *Medaille d'Honneur des Epidemie*. During World War II, he was a consultant in cardiology for eastern Ohio, and received the Selective Service Medal.

Dr. Bunn was president of the Mahoning County Medical Society in 1945 and guided the society through the last of the war years. He was a frequent contributor to the Bulletin. His last article was a learned account of the International Heart Congress, which he attended in Brussels in 1958.

Dr. Bunn was born in Salineville, Ohio on December 21, 1889. He became interested in medicine through his brother, Fred, who was superintendent of the Youngstown Hospital until 1919. He attended Jefferson Medical College, graduating in 1915. After his externship at Youngstown Hospital, he interned at the Presbyterian Hospital in Philadelphia. Following this he returned to Youngstown to practice.

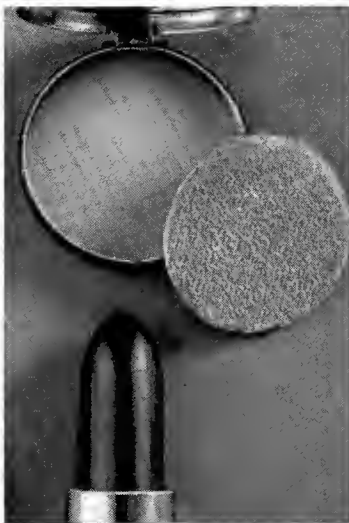

His last years were brightened by having his son in practice with him. When, for a recent father-son article in the Bulletin, he was asked to characterize his partner, he penned the following words, wreathed in pride, "Well-trained.. A pretty good guy."

in allergies For smooth,
continuous control of allergic symptoms—relief in minutes for hours, with
virtually no side-effects. And there is a dosage form for every allergic patient.

BULLETIN BOARD

ON THE MOVE: Drs. Richard V. Clifford, Henry Holden and Roy L. Thomas have moved to the new Park Avenue Professional Center at 932 Belmont Ave.

NEW SHINGLES: Dr. J. James Anderson will be associated with Dr. Robert A. Wiltsie in Pediatrics, and Dr. Robert J. Brocker, with Dr. Charles A. Whitten, Jr. in Neuro-surgery. Dr. Nicholas J. Garritano has opened his office in General Practice at 231 E. Midlothian. Welcome to Mahoning County!

PINK RIBBONS: It's a girl for Dr. and Mrs. John Werning, Congratulations.

VACATIONS: Dr. and Mrs. Wayne B. Hardin and family visited with Dr. Hardin's parents at Des Moines, Iowa. Dr. and Mrs. James Smeltzer and their children spent a month at Virginia Beach. Dr. and Mrs. Joseph J. Wasilko spent a short stay at Cape May, N.J. Mr. and Mrs. Sam Ewing (Dr. Delfs) spent a pleasant week-end at Lake Chattauga, N. Y. Dr. (Lt.) and Mrs. John C. Vance, Jr. spent a brief vacation with Dr. and Mrs. J. Clair Vance of Poland. Lt. Vance has been assigned to the U. S. Naval Academy at Annapolis. Dr. and Mrs. Fred Schlecht and children spent their vacation at Beach Haven, N. J. Dr. and Mrs. Joseph Campolito were at Virginia Beach for their vacation. Dr. and Mrs. John R. LaManna and family covered the South. While in Florida they went deep sea fishing. His children caught 17 Bonito fish. Dr. John—well, he caught one and you guessed it—the smallest of the lot. After Florida the trip went via Mississippi, Louisiana and Texas.

WEDDING BELLS: Dr. and Mrs. Samuel Tamarkin are announcing the engagement of their daughter Anita Beth to Richard David Shapiro, son of Dr. and Mrs. Sigmund Shapiro of Warren. Dr. and Mrs. John McDonough attended the wedding of Gov. and Mrs. Michael DiSalle's daughter. Miss Linda Rae Cook, daughter of Dr. and Mrs. George Cook was married to Eric S. Murphy, of Gladwyne, Pa. on August 5th. On the same day Miss Carol Ann Rummell, daughter of Dr. and Mrs. Russel W. Rummell, became the bride of F. Eugene Hoffman of Valparaiso, Indiana. Miss Mary Grace Sears, the daughter of Mrs. Clarence W. Sears and the late Dr. Sears, will become Mrs. Harris E. Hansen of Edwardsville, Illinois. The wedding will be solemnized on September 30th.

SILVER ANNIVERSARY: Dr. and Mrs. Paul Mahar celebrated their Silver Wedding Anniversary on August 19th. The day started with a Mass of Thanksgiving at St. Dominics with Dr. Mahar's brother, the Rev. John D. Mahar officiating. An open house reception at their home climaxed the festivities.

IN THE NEWS: The Ohio State Legislature has confirmed the appointment by Gov. Michael V. DiSalle of Dr. M. M. Szucs as trustee of Ohio Central State College at Wilberforce. Plans are rapidly developing for the St. Elizabeth Golden Anniversary Ball on September 16th. Dr. John M. Benko is general chairman. The Youngstown Area Heart Association has awarded St. Elizabeth Hospital a grant of \$4,000.00 for additional Cardiac Research. Dr. Louis C. Zeller has been elected to the Board of Directors of the First National Bank of Girard. (Now that you are a banker Lou, don't take the Goldie Road short-cut!) Dr. John A. Rogers fired a 72 for low gross honors at Youngstown Country Club on August 12th. Nice Game! Listed in the current issue of Who's Who of American Women is our own Dr. Frances A. Miller. Congratulations!

—G. E. D.

Perhaps you have hesitated to prescribe the benefits of a topical steroid because of concern about effectiveness or high cost.

Perhaps you have felt that the usual packaging of topical steroids provides inadequate, uneconomical quantities to suffice for a complete course of treatment.

If any of these considerations reflects your thinking, we believe you will be interested to learn that a truly effective and reasonably priced topical steroid now is available for your patients with dermatologic disorders... DILODERM™ Cream (brand of dichlorisone acetate).

As to effectiveness, here is what a recent report* stated on the use of DILODERM in 53 cases of poison ivy dermatitis: "A satisfactory response...was seen in all cases. There were no cases of primary irritation or other side effects..."

As a matter of fact... you will find not only that DILODERM Cream is exceptionally beneficial in a wide variety of dermatoses responsive to topical steroids, but also that it costs less in most instances than generic hydrocortisone creams. In addition, DILODERM affords even greater savings over other topical steroids. Actually, the 15 Gm. tube of DILODERM Cream costs less than virtually all all other topical steroid preparations now prescribed.

As a matter of economy... the 15 Gm. tube of DILODERM is ideally suited for the treatment of large skin areas or extensive lesions. It covers more with less waste; it provides three times as much medication for only slightly more than double the cost of a small 5 Gm. tube of unbranded hydrocortisone.

We believe your patients with dermatoses will appreciate the significant savings DILODERM Cream affords, and that you, too, will agree... DILODERM in the 15 Gm. tube is effective, economical in price, and even more economical in use.

Also available: DILODERM Cream, 5 Gm. tube: Neo-DILODERM® Cream 0.25%, 5 and 15 Gm. tubes: DILODERM and Neo-DILODERM Foam, 10 Gm. dispensers: DILODERM and Neo-DILODERM Aerosols, 50 Gm. containers.

LETTER TO THE EDITOR

Alexander K. Phillips, M.D.

1005 Belmont Ave.

Youngstown, Ohio

Dear Dr. Phillips:

Just a note to compliment you on the fine job your society is doing on your BULLETIN. I was especially pleased with the July editorial and the lift it gave to Marjorie Shearon—she is one of medicine's real friends.

Sincerely,

R. E. Tschantz, M.D.

Sixth District Councilor

CULTURAL SEMINAR TO BEGIN IN NOVEMBER

The Cultural Seminar for Physicians presented by Youngstown University and the Mahoning County Medical Society, will open its second year on November 9, 1961. Fourteen lecture periods will be presented in the term, which will end on March 8, 1962. There will be a week off for Thanksgiving and three weeks at Christmas.

Dr. Clair L. Worley, and John P. Gillespie will once again represent Youngstown University in providing lecturers for the series. Dr. Frank Gelbman is in charge of the seminar for the medical society.

The title of the series will be "Evolution," the course chosen by those attending last year. These seminars will cover the evolution and development of the cosmos, earth, plant life, society, language, sculpture, painting, arts, religion, and ideas. Dr. Gelbman was careful to point out that it is not a series on the biological evolution of man.

The series will be presented as one unit, rather than in three parts, as was done last year. Cost for the course will be \$15 per person, or \$25 per couple. The entire series will be held at the auditorium of St. Elizabeth Hospital.

HAPPY BIRTHDAY

FROM THE BULLETIN
Twenty Years Ago—September, 1941

The Ohio Pre-Marital Law was newly passed requiring marriage license applicants to supply a statement from a physician that after examination including a standard blood test, the applicant was found not to be infected with syphilis or if infected, was not in a communicable stage or likely to become so.

The Medical Society and the Ohio State Medical Association had opposed the bill because it was directed at only one disease and so much emphasis was placed on one laboratory test. But the Legislature passed it over the doctors' objections and it is the law today.

Dr. Milton Goldhamer from Ann Arbor opened the fall program with a lecture on "Diagnosis and Treatment of the Anemias."

Tom Spies, the famous authority on vitamins was scheduled for October. It was planned to devote all Thursday afternoon and evening to a thorough review of the food accessory factors, with dinner at the Youngstown Club at 6:30 P.M. All that for \$1.50.

Doctors were arriving home from summer vacations while others were leaving for camps, but not for pleasure. Jones, Kocialek, Nagel, Osborne, Poling, Ranz, Scarnecchia and Wenaas were back from a Canadian fishing trip. Sam Epstein was home on furlough from Ft. Jackson and Wasilko was back to stay. Morris Rosenblum was home from Michael Reese Hospital in Chicago. The Rothrocks, Dick Grosses and Walter Turners were out to the west coast. The Fusselmans were at Virginia Beach. The Sam Goldbergs were at Camp Davis, N.C. The Asher Randalls celebrated a new daughter born at Fayetteville. Nate Belinky was ordered to the Philippines.

Ten Years Ago—September, 1951

President Wenaas urged the members to push for the new Ives Amendment which would allow professional men to stash away 10% of their income for a retirement fund. We have been pushing for ten years, but no results yet.

The rheumatic fever prevention program was in its second year and going strong. From January to May 1951 the doctors reported 86 new cases and 110 recurrent cases of rheumatic fever. Dr. Robert Poling estimated that the prevention program should cut the rate in half and save the community \$30,000 for every case prevented.

The Youngstown Committee on Alcoholism (Alcoholics Anonymous) opened a new hospital for both women and men at 138 Lincoln Ave. This project which was pioneered in Youngstown, started with just a few beds in an old home across the street from their new quarters. It filled a great need

3634 Market St.

RX—Sterling 2-4805

and soon had to expand. The work done in this unique institution has been of incalculable benefit to the community.

A. K. Phillips and A. A. Luchette reported an interesting case of "Spontaneous Rupture of the Spleen Due to Sarcoidosis." This was the case of a 23-year old man born and raised in Youngstown who had generalized Sarcoidosis of the spleen and reticulo-endothelial system. The cause of sarcoidosis was then unknown.

John Rogers and Elmer Wenaas were tied with 77's for the golf championship at Tippecanoe. In 1941, John was tied with Bill Welsh when both had 78's. So in ten years he lowered his score one stroke and still lost because they tossed a coin and Wenaas called it right.

Dr. Louis Gasser opened his office for general practice at 651½ W. Indianola Ave. Dr. Kalmin C. Kunin opened his office in the Home Savings & Loan Bldg. for the practice of obstetrics and gynecology. Mary Herald was wearing a cast for a fractured ankle. It may have slowed her down a little, but it didn't stop her.

PROCEEDINGS OF COUNCIL

August 8, 1961

The regular monthly meeting of the council of the Mahoning County Medical Society was held on Tuesday, August 8, 1961, at the Youngstown Club, Youngstown, Ohio.

The following physicians were present: A. K. Phillips, president, presiding, G. E. DeCicco, R. R. Fisher, Frank Gelbman, P. J. Mahar, John J. McDonough, H. P. McGregor, E. R. McNeal, C. E. Pichette, Asher Randell, H. J. Reese, M. S. Rosenblum, H. J. Scheets, F. G. Schlecht, and C. W. Stertzbach. Also present were: Mr. William L. Spencer, and Drs. Genevieve Delfs, S. V. Squicquero, and Kurt Wegner. Absent were: A. A. Detesco, F. A. Resch, Jack Schreiber and C. C. Wales.

The meeting was called to order at 7:15 p.m. The minutes of the previous meeting were read and approved.

Dr. Phillips introduced William L. Spencer, representative of the Equitable Life Assurance Society. Mr. Spencer reported on Senate Bill 550 in the Ohio Legislature to become effective October 17th, allowing individuals to form corporations. He discussed the tax advantages of the plan.

There was discussion following Mr. Spencer's departure. The motion was made, seconded and duly passed that an attorney, a certified public accountant and a banker, as well as Mr. Spencer be invited to the next meeting of council.

Dr. McGregor reported that the money had been received from the sale of the society's bonds and that an investment of \$25,100 had been made with Massachusetts Investors Growth Stock Fund.

Dr. Wegner, chairman of the polio committee made a report for the polio committee in which he proposed that the medical society take the lead in developing a mass immunization program for this area when the Sabin oral vaccine becomes available.

Following discussion, the motion was made, seconded and duly passed that council approve mass immunization for Sabin oral vaccine.

Dr. Wegner made a report as poison control chairman of St. Elizabeth in which he reviewed steps in the establishment of a poison control program at the hospital and asked for the approval of the medical society so that St. Elizabeth Hospital might qualify as a poison control center. Following discussion, the motion was made, seconded and duly passed that the matter be tabled.

Dr. Phillips reported on a proposal made to the Health and Welfare Council suggesting a free foot clinic supported by chiropractors for one year and the community from then on. It was suggested that a letter be sent to the Health and Welfare Council with the information that orthopedic clinics are already established and that there is no need for additional clinics.

Dr. Gelbman introduced discussion concerning the seminar. The motion was made, seconded and duly passed that paramedical people be invited to attend.

Dr. McDonough reported the use of Mahoning County Medical Society TV spots in the program, "Medic." The motion was made, seconded and duly passed that the spots be paid for.

Dr. Reese reported on an A.M.A. meeting with Labor in Chicago, and the announcement of a future meeting to be in October.

—Howard Rempes
Executive Secretary

WIFE LINE

CALLING ALL BOWLERS!! June Fisher, our new Bowling League President would like you all to know we now have a new bowling day. Instead of Monday afternoon we will be bowling on Wednesday mornings at 10:00 a.m. The place is still the same—the Champion Bowling Alley. Our bowling starting date is set at September 13th, so come on gals, it is loads of fun. Do give it a try. If you find you do not have the time to come out every week, join us as a substitute, even if it is only once a month. Contact Substitute Chaimran Helena Costantini, RI 3-4884. Beginners welcome!

The first meeting of the Medical Auxiliary is to be held at Tippecanoe Country Club Tuesday, September 19th, 12:30, a Dessert Tea. There will be a Panel Discussion, the topic to be **KENNEDY MEDICAL BILL vs. FREE MEDICINE**. We should all be well informed on this subject. I know you will find it worth your while to be there so-o-o-o . . .

LADIES, a very special invitation has been extended to us by the Mahoning County Medical Society to join our husbands and attend their Dinner Meeting, September 26th. The speaker is to be Marjorie Shearon from the Shearon Legislative Service in Washington, D.C. It promises to be a very informative evening, so lets make it a good turnout and all be there.

Summer is definitely over, girls—back to good ole routine. You will be hearing from me!

—Camilla Geordan, Publicity Chairman

CHECK OFF OCTOBER 25th

Doctor, check your calendar! Have you marked off the day of Wednesday, October 25? This is the Postgraduate Assembly of the Sixth Councilor District, to be held in Canton. There will also be meetings for the Woman's Auxiliary, so ask your wife if she is planning to go.

limits the blood-pressure swing

Rautrax-N lowers high blood pressure gently, gradually . . . protects against sharp fluctuations in the normal pressure swing.

Rautrax-N offers all the advantages of Raudixin, Naturetin and potassium chloride in a single dosage form *plus*: *increased efficacy* — Combined action of Raudixin and Naturetin results in a potentiated antihypertensive effect greater than that produced by either drug alone. *increased safety* — Potentiated action permits lower dose of other antihypertensive agents, thus reducing severity of side effects. Protection against possible potassium depletion.

flexibility — Interchangeable with either Raudixin or Naturetin & K. *economy* — Maintenance dosage of only 1 or 2 tablets daily for most patients. *convenience* — Once-a-day maintenance dosage. Two potencies available.

Supply: Rautrax-N — capsule-shaped tablets providing 50 mg. Raudixin, 4 mg. Naturetin, and 400 mg. potassium chloride.

Rautrax-N Modified — capsule-shaped tablets providing 50 mg. Raudixin, 2 mg. Naturetin, and 400 mg. potassium chloride.
